**Hi, I'm Lori Joyner, Executive Director of Harvest House. I would like to share with you what I see in the heart of Destin in our food pantry. We have people of all ages and backgrounds that come for assistance.**

We assisted a couple in their 70's . They have worked all their lives, raised a family, and were mistaken for being a donor, not needing assistance. After working and having successful careers they never thought they would be receiving food monthly. Now they are.

We have single mothers that bring in their children. It breaks my heart to see the looks on their faces as they are staring at the food in our pantry...these little people are hungry.

We recently bought a freezer and have been praying that God would provide meat for our food pantry. When I tell the people we have frozen meat in their bags, you would have thought we just gave them a thousand dollars. The tears start flowing.

I have watched how thankful a homeless woman was on a frigid day as she ate her soup we warmed up for her. I could tell she had not eaten in days.

A local family came in for assistance. This family lives in a very nice area of Destin. The wife walked into our pantry stating "we do not have food, we don't know how or where to get help." To my surprise as I helped carry her food to their car, her husband and youngest child were waiting. That was when the little girl in her car seat started kicking her feet in excitement yelling, "food!" This could be your neighbor or even a family member, and you would not even know it.
